Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. The salient features of the scheme were injection of fresh working capital and concession in the bank charges, reduction in margins, fresh term loan for completion of pending capital projects, funding of interest, reduction in interest rate, moratorium and deferment of principal amount repayments. The company was under the CDR package, however, as the company had continuing default greater than 6 months, the company's accounts were classified as NPA by its bankers.
